ACADEMIC PROJECT

JOB PORTAL SYSTEM

- COMPLETED

- A Job Portal System is a web-based application that connects job seekers and employers on a single platform. It allows employers to post job vacancies and manage applications, while job seekers can search for jobs, upload resumes, and apply online.
- This platform helps reduce manual recruitment efforts and provides a faster, more transparent hiring process for both employers and candidates.

SMART WARD MANAGEMENT SYSTEM

- ON PROGRESS

- The Smart Ward Management System (SWMS) is a web-based e-governance application designed to digitize and streamline administrative services at the ward level under local government bodies such as municipalities and rural municipalities.
